

10 Eco-Friendly Tips

Small steps both teachers and students can take at school

to fight climate change.

- 1. Turn off lights and unplug electronic devices when not in use. Make the most of daylight!**

- 2. Use recycled paper and use it correctly: use both sides, reuse it and recycle it.**

- 3. Minimize waste. Sort and deposit it in the correct recycling bin.**

- 4. Whenever you can: walk, cycle or use public transport to get to school.**

- 5. Take waste-free lunches to school. Use reusable napkins, containers and water bottles.**

- 6. Turn off the tap and use the water-efficient toilet option.**

- 7. Recycle ink and toner cartridges, batteries, cell phones and light bulbs. Remember to deposit them in the correct recycling bin.**

- 8. Take care of the flora and fauna in your area.**

- 9. Use air conditioning responsibly. Always set it at 22 to 25 degrees.**

- 10. Eliminate single-use plastic products: bags, balloons, plates, glasses and water bottles.**

Get involved! Do your bit!
